

How to export/import templates

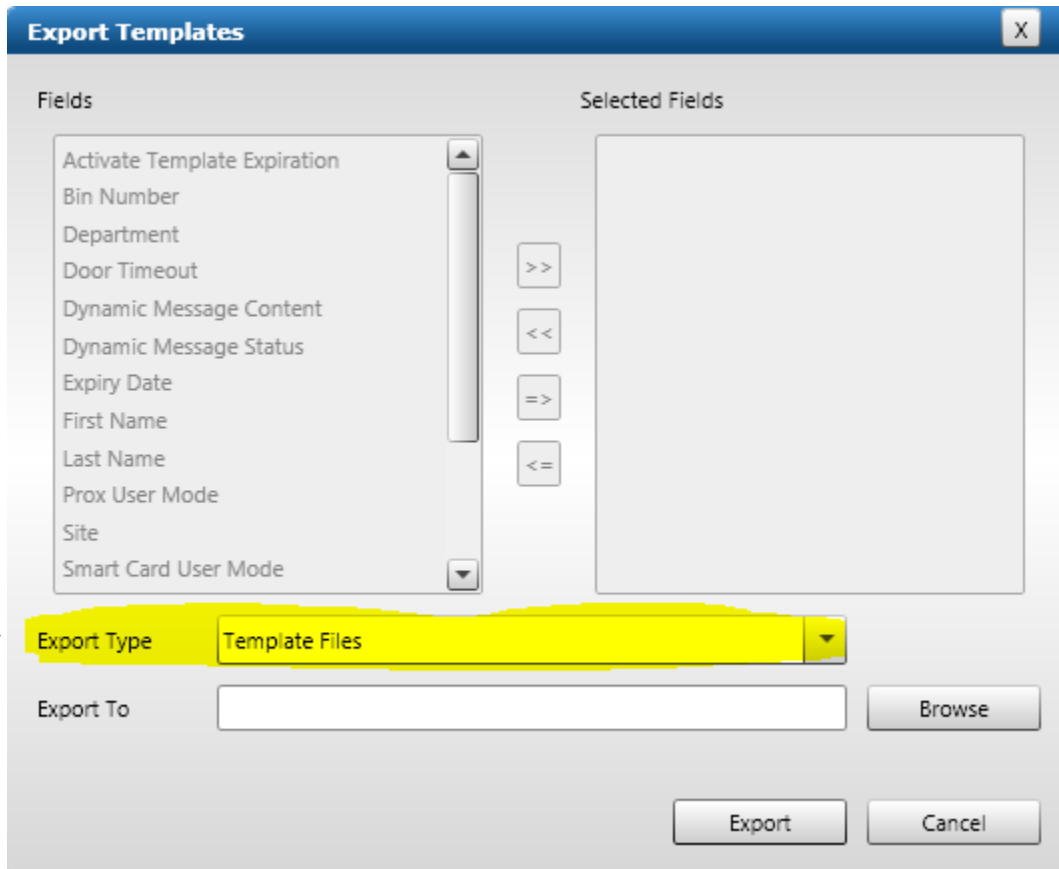

To Export:

Go to Templates>database>select all>export

The screenshot shows the SAFRAN Morpho software interface. The top bar includes the logo, navigation links (File, Manage, Tools, Help), and user information (User: Admin, Server: 10.134.13). The left sidebar contains navigation options: Users, Network, Device Settings, Enrollment, and Templates (highlighted). The main content area shows a tree view with 'Device Network' expanded to 'DefaultGroup' and 'Database' selected. Below this is a search filter section with fields for First Name, Last Name, Department, Template ID, Template Index, Bin #, Template Type, and Site. A toolbar below the filters shows 'Templates 3' and buttons for 'Select All', 'Refresh', 'Delete', 'Export', and 'Import'. A table below the toolbar displays a list of templates with columns for Biometric Type, Template ID, Template Index, First Name, Last Name, and Department. The table contains three rows of data for 'Vince Sartor' with Template IDs 123 and Template Indexes 0, 1, and 3. Large numbers 1, 2, 3, and 4 with arrows indicate the steps: 1. Click 'Templates' in the sidebar; 2. Click 'Database' in the left pane; 3. Click 'Select All' in the toolbar; 4. Click 'Export' in the toolbar.

<input checked="" type="checkbox"/>	<input type="checkbox"/>	Biometric Type	Template ID	Template Index	First Name	Last Name	Department
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		123	0	Vince	Sartor	Demo Department
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		123	1	Vince	Sartor	Demo Department
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		123	3	Vince	Sartor	Demo Department

Use the drop down arrow to *template files* then browse to a location to save.

To import:

Go to Templates>database>import>

1

Device Network

- DefaultGroup
- Database

Database x iclass x

First Name Template ID Template Index Bin #

Last Name Department Template Type Site **2**

Templates 3 Select All

<input type="checkbox"/>		Biometric Type	Template ID	Template Index	First Name	Last Name	Department
<input type="checkbox"/>			123	0	Vince	Sartor	Demo Department
<input type="checkbox"/>			123	1	Vince	Sartor	Demo Department
<input type="checkbox"/>			123	3	Vince	Sartor	Demo Department

Click import then file or folder where the templates are stored.
